

NEW**Arcade & Attica Railroad
Road Number ARA 506**

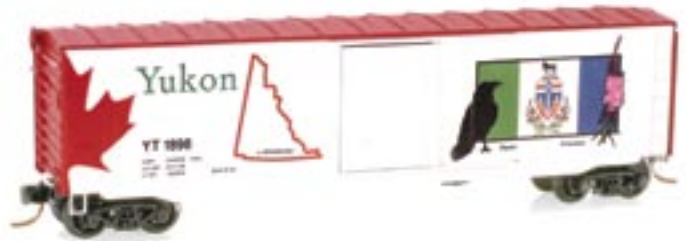

This 40' standard box car with single Superior door and no roofwalk is painted Armour yellow with a lower white stripe. The lettering, including the large "ARA" herald and "Serving Arcade Industry" slogan, is black and white. It was built in the late 1930s, and rebuilt in June 1956. It runs on black Bettendorf trucks. It was repainted in July 1970 when it became a secondhand purchase for the ARA, then numbered into the 501-509 series. The ARA included 22 rolling stock in the 1973 Official Railway and Equipment Registry that were all but gone by 1978.

**Rock Island
Road Number RI 1176**

This box car red 50' composite gondola with drop ends, and fishbelly sides has large white "ROCK ISLAND" lettering and runs on black Bettendorf trucks. Rock Island's 400 'War Emergency' gondolas were built by Pressed Steel Car Company in November of 1943. When new, #1176 received this box car red point and white stenciling. Equipped with 70-ton Bettendorf style trucks, the cars were of 140,000-pound capacity and 1673 cubic feet. The Rock Island later converted these cars to adapt in TOFC service, tie loading and steel service.

**Burlington Northern
Road Number BN 435755**

This BN green two-bay ACF Center Flow" covered hopper with round hatches has large white "Burlington Northern" lettering, white BN logo and white lettering, and runs on black Barber" roller bearing trucks. One of 50 two-bay covered hoppers built by ACF in the mid-1970s, this car was originally numbered into the NP series 75000-75099. The 100-car series was later numbered for the Burlington Northern into series 435700-435799. Within this group, some were painted gray with black lettering and some were painted green with white lettering. The hoppers were used for hauling cement through Portland, OR, silica sand out of the Ottawa, IL, area and bentonite clay from Wyoming for use in drilling oil wells.

NEW**Runner Packs 3 & 4**

These black 33' twin-bay hoppers with offset sides have white block "CANADIAN PACIFIC" lettering and run on black Bettendorf trucks. From a fleet of 900, they were delivered in January. The "Canadian Pacific" plain block road name was supplanted by the script point scheme in 1959. By July of 1956, a twenty year time span, the series had lost only 14 cars. Cars were in service through the 1970s.

These 33' twin-bay hoppers with rib sides are painted Chinese Red boasting large white "Burlington" letters, "Burlington Route" herald with alternating slogans, and run on black Bettendorf trucks. During 1945, Havelock built its first all-steel hoppers. These were designated HT-5B and numbered into the larger series #188000-189999. In March of 1959, 250 of these hoppers were serviced and repainted into CB&Q's new "Chinese Red" paint.

Pre-orders were accepted for these items in Dec. 06.
