

USS Saratoga Navy Series #9 Road Number CV-3

USS Saratoga served valiantly with the Pacific Fleet in World War II before aiding British forces in the Far East and Indian Ocean. Afterward she was involved with training for night combat before becoming involved with the attack on Iwo Jima. After the Japanese surrender, the Saratoga transported 29,204 Pacific war veterans home. She was later assigned to Operation Crossroads at Bikini Atoll to test the effect of the atomic bomb on naval vessels. USS Saratoga was struck from the Navy list on 15 August 1946.

Canadian Forest Products Road Number USLX 242

This 50' standard box car with double plug doors, tall ladders and no roofwalk is painted red, white, blue and yellow with black roof and ends. The lettering is in black with white on the ends. It was built in December 1968 by Pullman Standard and runs on roller bearing trucks. This car is owned by Evans Railcar Leasing and is leased to Canadian Forest Products, Ltd., (CANFOR) of Vancouver, British Columbia. It wears the "Red Cedar shingles and shakes" paint scheme. It was later painted a bicentennial scheme in honor of the U.S.A.'s 200th birthday.

Central Vermont Road Number CV 40141

This 40' outside braced box car with single door and freight load is painted box car red with CV "wet noodle" logo, large "Central Vermont," and lettering, all in white. The car was built in December 1924 and serviced in June 1964. It runs on black Andrews trucks. In June 1964, paint schemes on the Central Vermont were simple and generally followed Canadian National lettering styles. After 1960, the CV "wet noodle" was applied to the doors of some box cars.

The Twelve Days of Christmas Series

The "Twelve Days of Christmas" is widely recognized as a delightful song celebrating Christmas. Many suggest that the "Twelve Days of Christmas" originated during the 16th century religious wars in England as a song of instruction offering basic references to religious teachings.

White Pass & Yukon Road Number 793

This 30' flat car is painted box car red with white lettering. It was built in the early 1900s and serviced in March 1960. It runs on Bettendorf trucks. Originally built for the Colorado & Southern Railroad as stock cars, they were later stripped down to their decks and use as flat cars on the White Pass & Yukon. Since the WP&Y didn't interchange with any other railroads, there was no need for elaborate lettering schemes on its rolling stock.

NEW **New Haven**
Road Number **NH 1203 / NH 1212**

The bodies of these GP9 locomotives are painted black with black roofs; the cabs and rails are painted orange. The large New Haven herald is white and orange and the lettering is in white. Part of build order 5474 from EMD built during the summer of 1956 for New Haven, these locos are in their "as delivered" paint scheme. An EMD GP9 (also known as a "Dash 9" for short) is a 4-axle diesel locomotive built by General Motors Electro-Motive Division between January 1954 and August 1963.

NEW **Atchison, Topeka & Santa Fe**
Road Number **ATSF 82515 / ATSF 82526**

This 70 ton PS-2 two-bay covered hopper is painted light gray with lettering in black and white as well as the black and white circle/cross logo. This hopper was built in November 1957 by American Car & Foundry. It runs on roller bearing trucks. The principle commodities handled by hoppers of this type are cement, sand, potash, as well as a number of caustic materials. For this, the hopper was designed to withstand their effects and keep maintenance at a minimum.

NEW **Chicago Great Western**
Road Number **CGW 5356 / CGW 5396**

These 40' standard box cars with single Youngstown doors and roofwalk are painted brown with the orange, black and white CGW "Lucky Strike" logo. The cars are lettered in yellow with a large letter "C" stenciled on the right hand side indicating compartmentizer equipment. These cars were built by Pullman-Standard in July 1951 and serviced in September 1955. They run on black Bettendorf trucks. Only 15 cars from this series were equipped with compartmentizers.
