February 2009

Micro-News

Accepting Orders for February Releases Beginning January 30th • All Prices U.S. Dollars

**NEW**

**Milwaukee Road**

Road Numbers MILW 93118 / 93120

These 40’ drop bottom gondolas with woodchip extension and loads are painted maroon with white logo and lettering. They were built in May 1948, serviced in April 1958 and run on Bettendorf trucks. In April of 1958, Milwaukee Road’s Class GS gondolas were fitted with different height extensions to provide a low-cost chip car. This program was developed to address the rapid development of the paper industry in the Pacific Northwest for such uses as Kraft paper and particleboard.

#084 00 031...$20.55
#084 00 032...$20.55

**Delaware & Hudson**

Road Number D&H 16159

This heavyweight depressed-center flat car with load is painted red with yellow logo and lettering. It was built in June 1958, serviced in April 1984 and runs on Commonwealth trucks. This was the only depressed-center flat car on the roster for Delaware & Hudson. The company started out as the Delaware and Hudson Canal Company, which built a canal running from Kingston, NY to the anthracite coal fields at Carbondale, PA. The canal company later built one of the first railroads in the United States, later known as the Delaware and Hudson Company and then the Delaware and Hudson Railroad.

#109 00 080...$21.55

**John Q. Adams Presidential Car**

Road Number 1825-1829

This 40’ standard box car with plug door and no roofwalk is car #6 of a 44-car series representing each of the presidents of the United States. It bears the portrait of our sixth president, John Quincy Adams. The car comes with a commemorative pin replicated from that era. Adams had two notable careers, separated by a strange interlude. His first was as an American diplomat who rose to become secretary of state. His second was as a member of the House of Representatives and opponent of slavery. The strange interlude was as president of the United States.

#074 00 106...$23.95

**Fox River Butter Co.**

Road Number URTC 12301

This 40’ double-sheathed wood reefer is painted with butter yellow sides and brown roof and ends. The logo and lettering are in black. Built in June 1927 by American Car & Foundry in Chicago, this car runs on Bettendorf trucks. Originally built for the Union Refrigerator Transit Co., Inc., of Seattle and New York, these reefers were leased to shippers of dairy products.

#049 00 590...$18.65

**Great Northern**

Road Number GN 15466

This 40’ standard box car with double doors is painted vermilion red with black and white Rocky logo and white lettering. It was built in March 1940, serviced in April 1963 and runs on National B-1 trucks. Great Northern leased 550 cars from the A.A. Morrison Co. in 1963. As delivered, they were very colorful with vermilion sides, slant serif lettering and black ends with stenciled capacity 3720.

#023 00 280...$25.45

**Norfolk Southern**

Road Number NS 294246

This two-bay Centerflow covered hopper is painted gray with black logo and lettering. It was built in January 2000 by Thrall Car Manufacturing Company and runs on Barber® Roller Bearing trucks. NS 294246 was one of 100 cars built for Norfolk Southern, intended for cement service, hence the light gray paint.

#092 00 240...$22.35
This 60' TOFC flat car with trailer load is painted yellow with black and white logo and black lettering. It was built in September 1973 by American Car & Foundry and repainted into the 1991 paint scheme. It runs on Barber® Roller Bearing trucks. Equipped with hitches and bridge plates, the maximum trailer carrying capacity is 130,000-pounds.

#071 00 524...$39.65

**U.S. Air Force Set**

Set includes:

- (1) FT A unit loco
- (2) 40’ box cars, one with decorated jet engine load
- (1) 39’ single dome tank car
- (1) Steel caboose

**AVAILABLE MID-MONTH**

#993 01 120...$179.95

This 30' box car with single door is painted box car red with white lettering. It runs on Barber Coleman Arch Bar trucks. The Denver & Rio Grande Railroad established the Silverton Branch in 1881 which became the Durango & Silverton Narrow Gauge Railroad company in 1882 when purchased by William Jackson Palmer. It has been in continuous service since and is today a registered national historic and civil engineering landmark, hauling passengers and freight through the remote wilderness areas between Durango and Silverton, CO.

#800 00 050...$18.40

#104 00 010...$23.70

**NEW**

*Trailer Train Company / Transamérica*

Road Number TTX 252711 / TA 240691

This 60' extended height box car with single door and rivet sides is painted blue with white logo and black and white lettering. It was built in January 1966 by Berwick Forge and Fabricating, serviced in March 1985, and runs on Roller Bearing trucks. Appliance Class XL extended height box cars are equipped with interior side rails and moveable bulkheads for hauling household appliances of high cubic capacity.

#071 00 524...$39.65
These 50’ gondolas with fishbelly sides, drop ends and scrap loads are painted black with white logo and lettering. They were built in April 1952, serviced in April 1958 and run on Roller Bearing trucks. They were delivered in the standard early 1950s Railroad Roman lettering and a first generation “C&O for PROGRESS” logo. Shipped at Rougemere Yard in Dearborn, Michigan in April 1958 and retain their “as built” scheme. Originally built for general service, over half of the series was later converted to specialized uses, coil steel, ferro-manganese ore, containers and glass.

These 40’ standard box cars with single doors are painted green and orange with black, white and green logo, and white lettering. They were built in March 1948, serviced in April 1944 and runs on Roller Bearing trucks. Twenty-five of these box express cars with the orange and green loader schemes were among a 1000-car order of all-steel box cars. Great Northern was the last major railroad to purchase all-steel box cars. Box Express cars were used for mail and express traffic.

These smoothside passenger were manufactured by Pullman Standard for Illinois Central and ran the rails from the 1940s to the 1960s. Originally built for passenger luxury and comfort, many of these cars found their way into maintenance-of-way fleet bunk cars, private corporate and tourist fleet, as well as speed freight service.
COMING AUGUST 2009!

Battle of Midway
N Scale Locomotive and Caboose Set
Accepting pre-orders through February 27th

Micro-Trains has designed this locomotive and caboose set to complement your Battle of Midway Freight Car Set. The Battle of Midway in 1942 is regarded by many historians as the most important operation of the Pacific Campaign during World War II. Both freight car and locomotive / caboose sets are tributes to this great battle.
