Thomas Kinkade Painter of Light™ Series Name: A Perfect Summer Day

This 60' Excess Height Box Car is black with modified side detail featuring Thomas Kinkade's A Perfect Summer Day painting from 2001. Each car in this 12-month series will feature an amazing painting by Thomas Kinkade in vibrant color!

SERIES CAR #2
#102 00 802...\$31.95

Northern Pacific Road Number 90

This RPO heavyweight passenger car is two-tone green with white lettering and runs on 6-wheel passenger trucks. Built by the Pressed Steel Car Company in 1914 for Northern Pacific, this heavyweight Railway Post Office was painted in the classic two-tone green paint scheme developed by Raymond Loewy. It continued to serve NP through the mid-1960s.

#140 00 320...\$34.90

Canadian National Road Number CN 704345

This 89' tri-level closed autorack is yellow with white roof and black lettering and runs on Barber Roller Bearing trucks. Built by National Steel Car in 1976, this 89' enclosed autorack design became the universal standard for most railroads. Commonly used to this day, the design prevented vandalism and pilferage and helped to protect vehicles from the elements.

#111 00 300...\$51.90

Southern Pacific® Road Numbers SP 651556/651663

These 50' standard boxcars with single door are brown with white lettering and run on Roller Bearing trucks. These 4895 cubic foot capacity boxcars were built in 1957 and displayed a new paint scheme for Southern Pacific to showcase the "Hydra-Cushion" underframe and DF loader systems.

NEW**Southern
Road Number 35**

This RPO heavyweight passenger car is Pullman green with gold lettering and runs on 6-wheel passenger trucks. It was built in 1928 by the Bethlehem Steel shops and served the Southern Railroad on many passenger trains through the mid-1960s before being sidelined and transferred to a museum.

#140 00 330...\$29.95

NEW**Erie Western
Road Number ERES 7015**

This 3-bay covered hopper is white with black lettering and runs on Barber Roller Bearing trucks. Built in 1978 by Evans Railcar, this three-bay covered hopper had a 200,000 pound capacity. Erie Western was established in 1977 and operated 158 miles of track from Ohio to Indiana until 1979 when the railroad ceased operation.

NEW**Gulf, Mobile & Ohio
Road Number GM&O 32633**

This 33' twin bay hopper with offset sides is black with white lettering and runs on Bettendorf trucks. Built by Pullman-Standard in 1949, this car was built to AAR standard twin-bay hopper plans and had a 100,000 pound capacity. The Gulf, Mobile & Ohio was a Class I railroad that ran from Alabama to Illinois from 1917 to 1972.

#055 00 540...\$25.80

**Reading
Road Number RDG 63850**

This 33' twin bay hopper with offset sides is black with white lettering and runs on Bettendorf trucks. Belonging to a series of nearly 1500 cars, this 2,260 cubic foot capacity two-bay hopper was rebuilt in 1967 by Reading. The Reading Railroad was one of the most famous anthracite coal shippers in the northeast United States. After the decline of coal following WWII, Reading began a slow decline and eventually declared bankruptcy in 1971.

Weathered Gondola Tie Loader 3-Packs

Accepting Pre-Orders thru May 31st

Maintaining miles and miles of track is a never ending task for railroads. Mechanical tie loaders ride atop gondolas, picking up discarded ties next to the repaired sections of track. Tie loaders are equipped with clamping and lifting hydraulics that allow the tie loader to move from one car to the next as the MOW train moves forward. Our tie loader model is based on the prototype and is a multimedia kit* cast in color. All three gondolas in each set will come with railroad tie loads. New 60' Rib Side, Double Plug Door High-Cube

Accepting Pre-Orders thru May 31st

**ALL-NEW
36" METAL
WHEELS!**

National Steel Car company was one of three manufacturers enlisted by Trailer Train Company to build their new fleet of 60' excess height boxcars in 2003. These heavy-duty cars featured double plug doors giving the customer a 12' opening to easily load everything from paper products, appliances to consumables. Referred to as "Super Duty" cars, they join the growing fleet of "Plate F" cars providing higher capacities for shippers looking to streamline their deliveries. Our model will feature fine mold detail and micro-fine printing, separate end ladders and brake rod detail, etched-metal brake platforms and painted underframe. The car will also have correct ride height with body-mounted couplers and all-new 36" metal wheels! Contact your dealer to order yours today!
